2016 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

MANALAPAN TOWNSHIP FIRE DISTRICT NO. 2

(Fire District Name and Number)

FISCAL YEAR: January 1, 2016 to December 31, 2016

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2016 proposed Annual Budget and make comparison to the 2015 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

The 2016 budget reflects a decrease of \$10,850. The majority of the decrease results from capital appropriations. In 2015, the District appropriated \$70,000 for the Opticom System whereas in 2016 the District does not have such project.

2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

There is a small increase of the Amount to be Raised by taxation. The local fire tax rate is estimated to be \$0.051 per \$100 of assessed value as the same tax rate per \$100 for the 2015 year. The unreserved fund balance utilized for the 2016 and 2015 is \$139,840 and \$160,000, respectively. The restricted fund balance was not utilized for 2016 and 2015. The unreserved fund balance is increased by 5%.

3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

The District is complying with the property tax levy cap of two percent (2%) on the amount to be raised by taxation including exclusions. The District is not exceeding the CAP and is not requesting any waivers or submitting any referendums. The District is utilizing fund balance to meet the CAP requirements.

4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation.

Not applicable

5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years.

The capital appropriation is decreased by approximately \$53,000. The decrease was due to one small capital improvement for 2015 whereas in 2016 there are none. Debt service for 2016 is \$84,175; 2017 is \$81,025; 2018 is \$77,875; 2019 is \$74,725 and 2020 is \$71,575.

Dear Administrator;

It has been determined by the Board of Chosen Freeholders that the formula calculation for the 2015 billing cycle will increase 1%. Based upon your 2014 actual fee of \$7,523.49, **your 2015 fee will now be \$7,598.72.**

This fee is calculated based upon your 2012 baseline total fee, while also accounting for current population estimates, the labor costs associated with the number of officers required to perform the service and your average yearly call volume.

We will continue to move forward on a flat fee basis that best reflects the drastic changes and upgrades to our technology systems. This will allow for a streamlining of the accounting process for all parties while avoiding any unanticipated spikes in your fee structure in years of heavy call volume due to natural disasters or other unforeseen circumstances at the local level.

As you may expect, the significant technological upgrades the county has invested in directly impact the overall cost of services. These investments are necessary to continue to provide the most up to date and state of the art telecommunications and mobile operations systems available to help insure the safety of our residents and first responders.

Our Public Safety Communications Center, a \$20 million plus county investment and regional model of excellence, now allows for countywide interagency operability through our mobile radio system and license plate reader technology run through our premium IT platform. Through our partnership, we are excited to pass through the benefits of these invaluable investments and thank you for your continued efforts to help us partially offset our growing cost of operations through a modest 1% increase in fees for year 2015.

Thank you for your time and attention. Please do not hesitate to contact me at 732-577-8709 if you should have any questions.
