**Re: IN THE MATTER OF THE PETITION OF
GORDON'S CORNER WATER COMPANY
FOR AN INCREASE IN RATES AND CHARGES
FOR WATER SERVICE**

BPU DOCKET NO. WR14040325

Dear Ms. Brand:

Please be advised that the undersigned is attorney for the Board of Fire Commissioners Fire District No.2 Manalapan Township Monmouth County. My client wishes to formally object to the application of Gordon's Corner Water Company for an increase in the Public Fire Service Hydrants charge. The application states that Gordon's Corner Water Company is requesting a 4.00% increase in the annual hydrant fee to \$422.70.

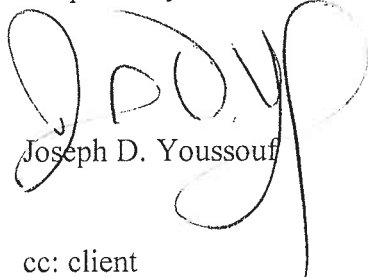

As you know fire districts, like every other unit of local government, operate under a 2% hard budget cap. This cap was imposed for the ostensible purpose of controlling the increase in costs of municipal government to provide a modicum of relief to hard-pressed taxpayers in our State. The most recent analysis available reports that New Jersey is, in fact, the most expensive State in the Union in which to live due, in no small part, to New Jersey's extremely high real property tax rates.

It is my client's position that allowing a hydrant rental fee increase in the amount of 4.00% while municipal governments must limit budgetary increases to only 2.00% per budget cycle runs counter to sound fiscal policy and is detrimental to the aim of long-term tax stability embodied in State law and governmental policy.

The Board of Fire Commissioners respectfully draws your attention to the fact that "Public Fire Service Hydrant" fees or charges should take into account the basic fact that fire hydrants are only used in emergency situations and are therefore infrequently utilized by fire departments. Hydrants are a "standby service" and the amount of water actually used in any given year is miniscule in relation to average residential and commercial consumption.

It is therefore, respectfully requested that any increase in Public Fire Service Hydrant fees be limited to 2.00% thereby keeping it in line with the 2.00% hard cap mandated by law for municipal budgets growth. Allowing the requested rate increase clearly runs counter to the State's policy of restraining public expenditures by limiting budget increases to 2.00% per annum.

Respectfully submitted,

Joseph D. Youssouf

Fax (732)462-2376

To Whom this may concern;

On Tuesday June, 24 2014 Manalapan Twp. Fire Department was called out to 4 Anne CT. for an odor of smoke in the residence. When 26-2-78, the Pierce Pumper driven by Mitch Lang, was leaving the apron when a car heading towards the traffic light on Sweetmans Lane hit their brakes to stop for the Fire Truck. After both Vehicles were stopped, 26-2-78 continued to make a left turn onto Sweetmans lane. When doing so the left rear of 78 rubbed against the left front of the car. The cops were called and a report was taken. No injuries were reported. On Monday evening at 19:00 Chief Keaney set up a meeting with Mr. Lang and the Safety committee to go over his accident and see what could be done to prevent it from happening again. Mitch will be required to go out a few times and drive 78 with the Engineers and Training Officer, to get recertified. Attached is the accident report. Any questions please feel free to contact me, Thank You

GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT
NOTIFICATION OF ELIGIBILITY

BRUNSWICK BANK & TRUST CO.

The above noted public depository is eligible to act as a depository for public funds. This notification is based on information submitted in the certification statement filed in this Department for the period ending March 31, 2014.

As required in the Act and regulations, subsequent certification statements must be electronically filed in the Department as of March 31, June 30, September 30, and December 31 of each year and at such other times as the Commissioner may require.

This notification will be in effect until a new notification of eligibility is issued by the Commissioner or the Commissioner rescinds the notification of eligibility.
